

\$85.00 IN PRIZES FOR MEMBERS OF CORN CLUBS

Banks of County Give Money—Interest is Increasing and New Members Joining

As announced in last issue of The Sentinel, we give this week a partial list of premiums offered to contestants in the Pickens county boys' corn club.

The first prize will be \$25.00 in gold; second prize, \$15.00; third prize, \$10.00.

Several of the banks of the county are furnishing the money for these prizes.

There will be other good premiums offered by merchants and manufacturers, and will be announced later. The Franklin Guano Co., of Liberty, has offered one-half ton of fertilizer to the boy who makes largest yield of corn on one acre, and if he uses their fertilizer they will make it a ton.

Several names have been added to the club roll since last week. All boys should send in their names by April 1.

Men's Contest

A prize of \$25.00 is offered to any farmer in Pickens county for the best acre, according to the rules of the boys' corn club, except rule 10. Any farmer who wishes to join this club should send his name to T. A. Bowen, Pickens, S. C., on or by June 1.

A prize of \$10.00 is offered for the best ten acre exhibit. Open to men and boys in the clubs.

The experience gained in these contests will be worth much to contestants in the future, and the prizes are valuable.

Cyclone Kills Many.

Seven thousand people were drowned in Indiana and Ohio, and over a hundred thousand left homeless by the high waters Tuesday. There is much suffering.

According to reports more than 200 persons were killed and more than 600 injured in a windstorm that demolished 450 homes, damaged hundreds of other buildings and caused a monetary loss of probably \$12,000,000 Sunday night. Most of the damage was in Omaha, Neb. Some damage was also done in Iowa and Indiana.

Killed in Pool Rooms and Sunday Movie.

Thirty victims of the Omaha tornado were killed in a Sunday "movie" picture show.

Between forty and fifty were killed in a pool room patronized by negroes.

The "Diamond" motion picture theater was almost filled to the doors when the tornado came, and thirty victims were killed outright, while many others were injured. There was no time for escape from the Sunday afternoon performance, which was the largest attended of the Easter Sabbath.

The pool room hall was swept from its foundations, and in the crash between forty and fifty Sunday afternoon visitors were crushed to instant death.

A Card of Thanks.

We wish to express our heartfelt thanks to our friends and neighbors for their kindness, prayers and financial support during the sickness of our dear wife and mother.

These people will always be precious to our hearts, and we praise the Lord that our lots have been cast among these good people.

Montvale School Closed Friday

Montvale school closed last Friday, 21st, after a most successful session. Miss Irene Hendricks was the capable and popular teacher this year.

Three prizes were offered the pupils and awarded. The prize for the pupil advancing the most during the session was awarded to Thaylia Chastain; and the prizes for making most headmarks were awarded to Walter Gravley and Garrie Porter.

County Superintendent Hallum was present and made an excellent address on education. The patrons and trustees of this school have raised enough money to build another room to their present building this summer, and next year Montvale will have two teachers.

Although only two years old, this is already an excellent school and has a large attendance, but the patrons are not going to stop until they have a rural graded school.

Keep your eye on Montvale!

J. T. Brown Dead.

J. T. Brown died near Enoree, in Spartanburg county, March 15th, 1913, and was buried at Antioch church the day following his death.

Mr. Brown was a native of Pickens county, having been born and raised one mile north of Griffin church. He was 73 years old and leaves a widow and four daughters, besides five brothers, one sister and many other relatives to mourn for him. His living brothers and sisters are, W. Silas Brown of Resaca, Ga., H. J. Brown of Plainville, Ga., J. A. Brown of near Pelzer, S. H. and R. B. Brown and Mrs. Sallie Chapman of this county.

New Enterprise For Pickens.

Pickens is to have a new manufacturing enterprise. The Dixie Daisy Haystack Ventilator Co. have purchased the necessary machinery and will manufacture haystack ventilators here. The building formerly used by B. E. Grandy for his planing mill near the depot, has been secured and the plant will begin operation about April 15.

The capacity of the plant will be from 2400 to 4800 ventilators a day. The article to be manufactured was recently invented and patented by J. F. Harris of Pickens, and it is said will save twice as much hay as the old way of saving it. It will be a great thing for the farmers and the cost is small.

The company is capitalized at \$10,000. The charter has been issued and the officers are J. McD. Bruce, president and treasurer; J. F. Harris, vice president and general manager, and T. J. Mauldin, secretary. The stockholders are the president, vice president, secretary, and R. E. (Bruce, G. A. Ellis, W. T. Bates, I. M. Mauldin, B. Lewis, and A. M. Morris. That they have great faith in the good qualities of the ventilator is shown by the fact that all the stock was subscribed in three hours.

Traveling salesmen will be put on the road and an extensive advertising campaign inaugurated. Orders for many thousands have already been secured.

We wish the company great success and hope it will be the means of helping the farmers everywhere to realize more on their hay.

Entertainment At School House.

The last lyceum number to be here this season will appear at the school auditorium Wednesday night, March 26. The Price Concert Company is the attraction and they come with good recommendations as high class entertainers. Admission 25c and 50c.

Saving Time

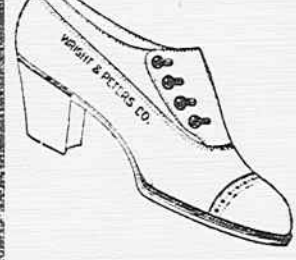

YOU can buy clothes in two ways. One way is to choose the cloth from a piece of goods and have your measure taken, by somebody who may or may not know how; and wait ten days to three weeks to get them. You can't tell how becoming they will be; you take a chance on the fit, you don't know whether they will be well made or not.

The other way is to buy ready-made clothes. You choose the finished garment, the styles are produced by the best designers in the world, you know in a few minutes if the clothes fit. You know when you see our mark in them, that they're all wool, and finely tailored.

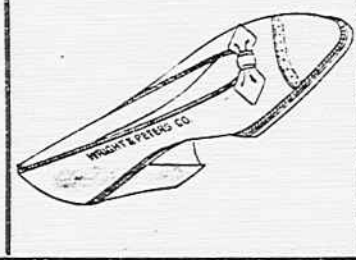

You can do it all in less than an hour, and wear the clothes home.

When you come to Greenville drop in and let us show you. REMEMBER we refund railroad fare.
